The El Paso Museum of Art is one of the few museums worldwide that will have the opportunity of exhibiting this show which provides examples, both in depth and range, of stunning jewelry from 3000 B.C.E. through the early 20th century. On view March 28, 2010–July, 25, 2010, the exhibition will feature some of the Walters Art Museum's greatest masterpieces as well as many hidden treasures on view for the first time. This selection of more than 150 pieces will not only present the evolution of techniques and materials, but also demonstrate the importance of jewelry as an expression of creativity and often wealth and position. In addition, a special exhibition section will be devoted to rings, the only type of jewelry worn continuously through the ages. Assembled primarily by one of the Walters Art Museum's founders, Henry Walters, during the first three decades of the last century, this renowned collection contains superb examples of expert craftsmanship. The exhibition is sponsored by Susan Fine Jewelry and Watches, El Paso, El Paso Museum of Art Foundation, County of El Paso, Kemp Smith Law, Bank of the West, and South Texas Money Managers.
