Eisen Shows Local Heirlooms

Jeweler **SUSAN EISEN** has a new idea for enticing customers into her store: an exhibit of heirloom jewelry from local families.

The exhibit at **SUSAN EISEN FINE JEWELRY & WATCHES** focuses on jewelry from the Art Deco and Art Nouveau periods—explanations of which lend an educational element to the community. Features are pieces loaned to Eisen from local families.

The exhibit is open until April 2009.
