

The logo for 'TECH VIEW' is displayed in large, red, serif capital letters. The letters are superimposed over a background of three photographs of medical buildings. The first photo on the left shows a modern building with a glass facade. The middle photo shows a multi-story brick building. The right photo shows a large, multi-story building with a modern architectural style.

T-SHIRTS BENEFIT UBCC

Women's T-shirts featuring a flattering longer sleeve length and a charm necklace replica design on the neck line, are for sale at the University Breast Care Center. The white T-shirts sell for \$30 and all proceeds benefit the UBCC. The design of the necklace is based on a real necklace created by El Paso jeweler Susan Eisen that was raffled off at the luncheon.

The UBCC is located on the first floor of the Medical Center.
