

CIJ International Jewellery

TRENDS & COLOURS

No 297 / Summer 2013

As a retailer far away from a large city, I have to rely on the publications to keep me informed, up to date, and knowledgeable about the industry. The articles I read in *CIJ Trends & Colours* are incredibly well written, interesting, hit the subjects I enjoy reading about, and visually the photographs are fantastic. I look forward to getting each and every issue.
